Program: B.A. Gujarati PSO (Program Specific Outcome)

1. Based on the detailed study of the History of Gujarati Literature, along with the Indian and the World Classics in Translations, the Genres of Gujarati Literatures, Critical Theories and Theorists of India and Abroad, Gujarati Language, grammar, poetics and linguistics, the student is capable to appear for any State or National level Public Service Commission Exams e.g GPSC / UPSC.
2. Apart from these National level exams, the student can also appear for other State level Competitive Examinations as well e.g. Talati, Gram Sevak, LokSevak, LokRakshak Dal, Banking, Railway, insurance etc public service sectors and various Police Service Exams etc.
3. Along with an Educational Degree, the student can also appear for TET, TAT Primary and Secondary School Teachers Gujarati and English medium schools for language Teachers' posts in Government as well as Private Sector.
4. Here the students get enough exposures in creative writings to opt for Folk Literature Research as well as Editorial Jobs as well

B.A. Gujarati (Course Outcome)

1) CC – 101 : Study of Poetic Forms: Classical Gujarati Poetry - I

- a. The student gets information about the forms of Gujarati Poetry.
- b. The student gets acquainted with the Traditional as well as Folk Forms of Gujarati Poetry e.g. Raas, Faagu, Aakhyan, PadyaVaarta.
- c. The student learns about the Medieval Poets of Gujarati Literature.

2) CC -102 : Study of Prose : Eleven Temples by Ramchandra Patel

- a. The student gets the glimpses of the Prose Forms of Gujarati Literature.
- b. The student learns about the life and Works of Ramchandra Patel.
- c. The student learns about form of Short Story.
- d. The student comes across the collection of Gujarati Short Stories by Ramchandra Patel

3) CC – 201 : : Study of Poetic Forms: Modern Gujarati Poetry: AajAndharKhushboBharyo by Prahalad Parekh

- a. The student studies here about the Modern Gujarati Poetry.
- b. The student learns about the life and Works of Prahalad Parekh
- c. The student comes across the collection of Gujarati Poems by Prahalad Parekh

4) CC – 202 : Study of Prose Forms: Modern Gujarati Novel : Aavrutta

- a. The student gets the glimpses of the Novel as a form of Gujarati Literature.
- b. The student learns about the life and Works of Jayant Gaadet.
- c. The student learns in detail about form of Novel.
- d. The student comes across the Novel Aavrutta by Jayant Gaade

5) CC – 303 : Study of Gujarat Literature Forms: Medieval : Pada: Mira na Pado

- a. The students will learn the Poetic Form of Pada.
- b. The students will learn the life and works of Mira Bai.
- c. The students will learn Medieval Literature in detail.

6) CC – 304 : Study of Gujarati Writers : Narmad

- a. The students will study here Pre Independence Modern Gujarati Poetry.
- b. The students will learn the Role of Narmad as writer and social reformer.
- c. The students will learn in detail the poetic works of Narmad.

7) CC – 305 : Study of Gujarat Literature Forms: Medieval - I

- a. The students will observe here the origin and development of Medieval Gujarati Literature.
- b. The students will observe here the main writers of Medieval Gujarati Literature.
- c. The students will observe here the secondary writers of Medieval Gujarati Literature..

8) CC – 403 : Study of Gujarat Literature Forms: Modern : Essay

- a. The students work upon the Form of Essay here.
- b. The students work upon the life and works of Kakasaheb Kalelkar and Bholabhai Patel as an essayist. c.
- The students work upon the study of essay of the above two writers.

9) CC – 404 : Study of Gujarati Writers : Pannalal Patel & Valamana

- a. The students work upon here the Form of Modern Gujarati Novel.
- b. The students work upon here life and works of Pannalal Patel.
- c. The students work upon here critical study of his novel Valamana.

10) CC – 405 : Study of Gujarat Literature Forms: Medieval - II

- a. The students will observe here the origin and development of Medieval Gujarati Literature.
- b. The students will observe here the main writers of Medieval Gujarati Literature e.g. Dayaram and Shamal.
- c. The students will observe here the secondary writers of Medieval Gujarati Literature.
- d. The students will observe here the main works of Dayaram and Shamal.

11) CC – 506 : Study of History of Gujarati Literature: Modern – I

- a. The student studies here the Modern Gujarati literature.
- b. The student studies also here specifically the social reforms of the Pandit Age.
- c. The student studies here the life and works of the major writer e.g. Narmad & Goverdhanram Tripathi.

12) CC – 507 : Study of Gujarati Linguistics - I

- a. The student studies here the origin and development of Gujarati Language.
- b. The student studies here the methods of Gujarati Linguistics.
- c. The student studies also here the process of language modifications.

13) CC – 508 : Study of Gujarati Criticism - I

- a. : The student gets information about the various critical theories.
- b. : The student gets information about modern criticism and modern critical theories.
- c. : : The student gets information about various definitions of literature in general.

14) CC – 509 : Study of Gujarati Poetry : Valavi Ba Aavi

- a. : The student studies here the literary form of Sonnet.
- b. : The student studies here the life and works of Ushanash as a Sonneteer.
- c. : The student studies here the important sonnets of Ushanash.

15) CC – 510 : Unseen Criticism

- a. The student studies here The methods of Précis writing.
- b. The student studies here The methods of Poetic Criticism of an unknown poem.
- c. The student studies here also methods of unknown Prose criticism.

- Study Poetry
- Know about the Autobiography of *Mukti Vrutant*
- Know about the Poems of Rajendra Shah

C C - 204 Introduction of Researcher & Editors of Folk literature

On completion of this course, the students are able to

- Introduction of Researchers
- Introduction of Editors
- Introduction of Research work
- Introduction of Editorial work

C C 205 Samvad Bhasha (Language for Conversation)

On completion of this course, the students are able to

- Prepare application for jobs
- Prepare reports on events happening in the society
- Understand and use proverbs and usages of folk language
- Understand and use punctuation marks

M.A.Sem – III

C C – 301 The Study of Authors

On completion of this course, the students are able to

- Study *Umashankar Joshi*
- Study the life of Sri Umashakar Joshi
- Know primarily about whole Literature of Sri Umashankar Joshi
- Know about the creations of Umahsnakar Joshi
- Know about the prose of Umashankar Joshi

C C – 302 Evaluation of Western Literature

On completion of this course, the students are able to

- understand evaluation of western literature
- Understand the concept of the western literature
- Understand about the western literature
- Know about the Literary content

C C – 303 Study about the forms of Language (Linguistics)

On completion of this course, the students are able to

- Know the usefulness of the language
- Know about the process of pronunciation
- Know about the regional Dialects

C C – 304 Study of Prose work

On completion of this course, the students are able to

- Study '*Jivtar*' Yogesh Joshi
- Know about the prose
- Know about the form of Novel
- Understand the sensitivity in the story
- Know the main types of Prose

C C – 305 Indian Literature

On completion of this course, the students are able to

- Get acquainted with the Indian Literature
- Understand the Marathi Novel „*Bangar Vada*”
- Know the stories of Premchand
- Know about the creations of the creator

M.A.Sem – IV

C C – 401 Critical Traditions of Gujarati

On completion of this course, the students are able to

- Understand the term Criticism
- Know about the traditions of Criticism
- Develop the traits of Criticism
- Make the vision of literature very diligent

C C – 402 The Study of Gujarati Language

On completion of this course, the students are able to

- Get acquainted with the Gujarati Language
- Get acquainted with the Gujarati Grammar
- Get acquainted with the original of Indian Language family
- Get acquainted with the vowels, consonants, suffixes, prefixes and etymology

C C – 403 Evaluation (Unknown)

On completion of this course, the students are able to

- Know about the application and report writing
- Know about the punctuations and writings
- Know about the word formation and language expressions.

C C – 404 Translation and Translated literature

On completion of this course, the students are able to

- Know the usefulness of translation
- Know the traits of translation
- Know the readiness of the translator
- Know about the awareness of the translation of 'Khurshio'

C C – 405 World Literature

On completion of this course, the students are able to

- Study 'Aparajey'
- Know about the 15 world famous stories
- Get acquainted with the world literature
- Get acquainted with the global writers

Home science department		
Semester	Paper name	Course outcomes
B.A. Sem.-1	C.C- 101 (theory) Principles of foods and nutrition	<ol style="list-style-type: none"> 1. To understand basic concept of food nutrition nutrients, health, nutritional status and role of nutrition in maintain health. 2. To get familiar with the various function of all nutrients and their deficiency and its remedy. 3. To get knowledge about different food groups.
	C.C- 102 (theory) Introduction to clothing, textile and laundry	<ol style="list-style-type: none"> 1. The students will learn about the importance of clothing. 2. They will learn about basic stitches and embroidery. 3. To learn different parts and operation of sewing machine. 4. To get knowledge about washing and laundry.
	C.E- 101 (practical) Nutritional cookery	<ol style="list-style-type: none"> 1. To develop skill in preparing recipes rich in various nutrients. 2. Develop skills in preparing recipes according to cooking methods. 3. To learn to calculate nutritive value from various recipes.
	C.E- 102 (practical) Practices on basic clothing	<ol style="list-style-type: none"> 1. The students will learn about the different basic stitches. 2. The students will learn about the different embroidery. 3. The students will aware about different seems. 4. The students will learn about different fullness or clothing.
	E.O- 105 (theory) Early childhood education	<ol style="list-style-type: none"> 1. To aware the students about the importance of early childhood education. 2. To aware the students about the different types and methods of early childhood education. 3. To aware the students about the importance of play materials, stories and literature for pre-school age children.
B.A. Sem.-2	C.C- 201 (theory) Introduction to household equipment	<ol style="list-style-type: none"> 1. Recognize base materials, finishes used in the household equipment. 2. Understand the principals, structure, use, care and storage of household equipment. 3. Understand the criteria of the selection and buying for appropriate equipment for home. 4. Analyze various equipment with respect to design, cost

		and maintenance. 5. Understand to handle minor problem of repairs and maintenance.
	C.C- 202 (theory) Child development	1. To enable the students to study the change in adolescence. 2. To enable the students to study parental attitude. 3. To make the students aware of needs and importance of sex education.
	C.E- 201 (practical) Application of household equipment	1. Get skills in cleaning and maintaining various materials used for household equipment. 2. To develop skills in selecting, purchasing, using, maintaining and cleaning various electrical and non-electrical equipment. 3. To develop skill to prepare food items by using various electrical and non-electrical equipment.
	C.E- 202 (practical) Development of child skill	1. To aware students about the skills of nursery school children. 2. To prepare them for nursery school teachers. 3. To give them vocational training for balwadi organization.
	E.O- 205 (theory) Introduction to chemistry	1. To aware the students about chemistry and chemical reaction.
B.A. Sem.-3	C.C- 303 (theory) Family meal management	1.-To learn the importance of meal planning and principal of meal planning. 2. To be able to plan and prepare meals for different age groups and special groups. 3. To plan and prepare foods for various groups of people.
	C.C- 304 (theory) Biochemistry and microbiology	1. To understand relations between nutrition and biochemistry. 2. To aware about metabolism of nutrients. 3. To provide orientation to the role of micro-organism in water and food. 4. To provide knowledge concerning microbial food contamination and human disease.
	C.C- 305 (theory) Family dynamic	1. The student will understand their role as a member of society. 2. They will develop various qualities to play the role as a member of society.

		3. They will develop quality and attitude towards happiness in marriage. 4. They will understand their responsibilities towards elders.
	C.E- 303 (practical) Practices on meal management	1. Learn the principles of meal planning. 2. Plan and prepare meals for the family at different income levels. 3. Plan meals for special groups.
	C.E- 304 (practical) Practical on biochemistry	1. To understand relations between nutrition and biochemistry In the practicals of biochemistry students learn about qualitative test of carbohydrates and protein, food adulteration, ph. Measurement, and volumetric experiments.
B.A. Sem.-4	C.C- 403 (theory) Family resource management	1. To create an awareness among the students about the management at the family levels as well as at micro levels. 2. To recognize the importance of the use of resources to active family goals. 3. To recognize the importance of wise use of resources. 4. To develop competence in efficient use of time and energy. 5. To make the students aware of different techniques of work simplification.
	C.C- 404 (theory) Family clothing	1. To get skills in taking body measurement. 2. To get knowledge regarding children clothing. 3. The students will get knowledge about fabric of household textiles.
		4. The students will get knowledge about readymade garments.
	C.C- 405 (theory) Human physiology	1. In the third subject of fourth semester students achieve knowledge about general anatomy, main organs and various systems of the body such as digestive system, respiratory system, circulatory system, reproductive system, excretory system and endocrine system of the human body.
	C.E- 403 (practical) Home decoration	1. To get the students aware about different flower management. 2. To get the students aware about card, cover and pot. 3. To get the students aware about different printing.

		4. To develop skill in preparing best out of waste.
	C.E- 404 (practical) Baby lay out	1. To develop basic skill in baby lay out. 2. To develop entrepreneurship skill in baby lay out making.
B.A. Sem.-5	C.C- 506 (theory) Diet therapy	1. To understand the role of diet in management of various diseases. 2. To understand the role of dietitian. 3. To develop the skills and techniques in the planning and preparation of therapeutic diets for various diseases. 4. To provide practical laboratory training in preparation of special diets.
	C.C- 507 (theory) Advance clothing and textile	1. To acquaint students with knowledge of different fibers. 2. To equip students with knowledge of different weaves of fabric. 3. To equip students with knowledge of finishes applied of fabric. 4. To feed students with knowledge of colors and designs in clothing. 5. To teach students yarn construction and its types which are used in fabric.
	C.C- 508 (theory) Community nutrition education	1. To enable the students to understand the relationship between nutrition and malnutrition. 2. To educate the students to understand the problems of nutrition and health in indian community. 3. To create awareness about water borne diseases. 4. To equip students to learn and understand about nutrition uplift programmes.
	C.C- 509 (practical) Practical on diet therapy	1. To enable students to plan and prepare diets for various diseases. 2. To provide practical laboratory training in preparation of special diets and therapeutic diet.
	C.C- 510 (practical) Practical on dress designing for college girl	1. To learn different types of sleeves. 2. To learn different types of collar. 3. To develop skills for making garment. 4. To develop skills for finishing in garment.
B.A. Sem.-6	C.C- 606 (theory) Food preservation	1. Acquire knowledge pertaining to principles and methods of food preservation. 2. Develop ability in preparing and preserving various foods by household methods. 3. Understand the food laws, food standards and food

		adult ration.
	C.C – 607 (theory) Family housing and home furnishing	<ol style="list-style-type: none"> 1. To highlight an importance of housing. 2. To create an awareness of selection for site and house. 3. To develop ability to select furniture and arrangement in-rooms. 4. To understand the factors influencing for room design.
	C.C– 608 (theory) Home science extension education and communication	<ol style="list-style-type: none"> 1. To aware the students about the principals of extension education. 2. To aware the students about the application of extension education in home science. 3. To aware about communication.
	C.C– 609 (practical) Practical on food preservation	<ol style="list-style-type: none"> 1. To understand the basic principles and underlying food preservation as an income generating activity. 2. To develop ability preserving foods by laboratory and household methods. 3. In the fourth subject of the sixth semester students gets practical knowledge of food preservation and students achieves knowledge about methods of sterilization, preparation of squash, syrups, tomato catch up and chutny, jam, jelly, murabbas, pickles and chyavanprash. they also learns about bottling and canning of fruits and vegetables.
	C.C– 610 (practical) Practical on family housing and home furnishing	<ol style="list-style-type: none"> 1. To develop ability to draw rooms plan. 2. To create ability to arrange furniture, lighting, and accessories etc... In different rooms.

Home science department : 2020 new syllabus

Semester	Paper name	Course outcomes
B.A. Sem.-1	C.C- 101 (theory & practical) Foods and nutrition - i	<ol style="list-style-type: none"> 1. To understand basic concepts of food, nutrition, nutrients, health, nutritional status and role of nutrition to maintaining health. To gain knowledge regarding food groups, food guide pyramid, balance diet and nutritive value of various food groups. 2. To understand basic concept of food nutrition nutrients, health, nutritional status and role of nutrition in maintain health. 3. To get familiar with the various function of all nutrients and their deficiency and its remedy. 4. To get knowledge about different food groups.
	C.C- 102 (theory & practical) Introduction to clothing & textile - i	<ol style="list-style-type: none"> 1. The students will learn about the importance of clothing. 2. They will learn about basic stitches and embroidery. 3. To learn different parts and operation of sewing machine. 4. To get knowledge about washing and laundry.

	C.E- 102 (theory & practical) Applied biology	<ol style="list-style-type: none"> 1. In the fourth paper of first semester students achieves knowledge about relation between biology and human welfare, the role of genes in human and various parts of plants. <p>In practical of biology they learn about various types of roots, stems and parts of typical leaf and flower. Students also get knowledge regarding useful plants and animals for human being.</p>

	E.O- 105 (theory) Nutrition and health	1. Students get knowledge about food guide pyramid and different food groups and its nutrient consideration in our daily diet. To understand bmr and calorie requirement for different activities. To understand parameters of health, good nutrition and malnutrition. To aware the students about health concern programmes run by government.
B.A. Sem.-2	C.C- 201 (theory & practical) Foods and nutrition – ii	1. to gain knowledge regarding rda, functions, sources, deficiency diseases and excess of energy. 2. to understand basic concept of food nutrition nutrients, health, nutritional status and role of nutrition in maintain health. 3. To get familiar with the various function of all nutrients and their deficiency and its remedy. 4 to get knowledge about different food groups.
	C.C- 202 (theory & practical) Introduction to clothing & textile - ii	1. The students will learn about the importance of clothing. 2. They will learn about basic stitches and embroidery. 3. To learn different parts and operation of sewing machine. 4. To get knowledge about washing and laundry.
	C.E- 201 (theory & practical) Family resource management - ii	1. To develop skill in preparing recipes rich in various nutrients. 2. Develop skills in preparing recipes according to cooking methods. 3. To learn to calculate nutritive value from various recipes.
	C.E- 202 (theory & practical) Applied chemistry	1. In the fourth paper of second semester students learns about chemical reaction, acids and bases, properties of plastics and metals. they also achieve knowledge about fuels, drugs (analgesic and antibiotics) and pesticides. In chemistry practical students learns about acid base titration, ph. Measurement, merits and demerits of various plastics.
	E.O- 205 (theory) Health policies and programmes	1. To enable students to know the policies concerning health and nutrition. To become familiar with the ongoing schemes and programmes for combating nutrition and health problems currently in use in the country and the developing world.

Sociology

**Objective of Syllabus of SOCIOLOGY for
B.A Students
B.A. Semester : 1 SOCIOLOGY
Course – CE : 101
Introduction of Sociology**

Course Objectives :

- (1) To develop understanding about the importance of Sociology as Social Science.
- (2) To develop interest and understanding about the subject amongst students.

**Objective of Syllabus of SOCIOLOGY for
B.A Students
B.A. Semester : 1 SOCIOLOGY
Course – CE : 102
INTRODUCTION OF INDIAN SOCIAL INSTITUTIONS**

Course Objectives :

1. To make students familiar with various social institutions.
2. To make students familiar with the form and functions of social institutions.
3. To provide students proper impotence of social institution.

**Objective of Syllabus of SOCIOLOGY for
B.A Students
B.A. Semester : 1 SOCIOLOGY
Course – EO : 105
INDIAN SOCIAL STRUCTURE**

Course Objectives :

- (1) To introduce students about Indian Society.
- (2) To develop Sociological view point in the students about Indian Society.

**Objective of Syllabus of SOCIOLOGY for
B.A Students
B.A. Semester : 2 SOCIOLOGY
Course – CE : 201
BASIC CONCEPTS OF SOCIOLOGY**

Course Objectives :

1. Students are familiar with the concept of sociology.
2. To develop scientific understanding about sociological concepts.
3. To develop scientific approach to sociology.
4. To develop scientific insight in student of sociology.

**Objective of Syllabus of SOCIOLOGY for
B.A Students**

B.A. Semester : 2 SOCIOLOGY

Course – CE : 202

SOCIOLOGY OF ENVIRONMENT

Course Objectives :

1. To make students of familiar with sociology of environment.
2. To develop scientific understanding about environment in sociological theory a classical and contemporary.
3. Students to understand Environmental Issues in the society.

**Objective of Syllabus of SOCIOLOGY for
B.A Students**

B.A. Semester : 2 SOCIOLOGY

Course – EO : 205

SOCIAL WELFARE

Course Objectives :

1. Students are familiar with constitution of India.
2. Students are understanding need of social welfare.
3. Students knower India as a welfare state.

**Objective of Syllabus of SOCIOLOGY for
B.A Students**

B.A. Semester : 3 SOCIOLOGY

Course – CE : 303

SOCIAL ANTHROPOLOGY

Course Objectives :

1. To develop understanding about the branch of anthropology and their subject matter.
2. To provide a comprehensive profile of tribal in terms of their distribution and concentration.
3. To provide a demographic feature, social structure and cultural patterns.

**Objective of Syllabus of SOCIOLOGY for
B.A Students**

B.A. Semester : 3 SOCIOLOGY

Course – CE : 304

WORK, IDUSTRAY AND SOCIETY

Course Objectives

1. To give sociological understanding to concept of work and its changing nature
2. To introduce types of organization in industrial and post-industrial society
3. To expose students to the impact of New Economic Policies on formal and informal sector

**Objective of Syllabus of SOCIOLOGY for
B.A Students**

B.A. Semester : 4 SOCIOLOGY

Course – CE : 403

INDIAN SOCIAL PROBLEMS

Course Objectives :

1. Sensitize the students to the emerging social issues and problems of contemporary India.
2. To acquire sociological understanding of these issues and problems over and above their commonsense understanding, empower them to deal with these issues and problems and to serve as change agents both in governmental and non-governmental organizations.

**Objective of Syllabus of SOCIOLOGY for
B.A Students**

B.A. Semester : 4 SOCIOLOGY

Course – CE : 404

Family in Indian Society

Course Objectives :

- (1) To know about the family system in India.
- (2) Learn about the nature and functions of family.
- (3) Identify the role and responsibility as a member of the family and society.
